SUSTRANS BIKE IT

Sustrans Bike It Officer will be in school running Learn to Ride sessions for KS2 children (15th March) and Ditch the Stabiliser sessions for KS1 children (8th March). These sessions are for you and your child, so we encourage you to come along and help your child learn to ride their bike without stabilizers. If your child can already ride a two wheeled bike these sessions are not for them. In order to offer these sessions to everyone we may ask children who own a bike to share with other students (with parental/carer permission).

If you would like your child/ren to take part in either of these workshops please collect a form from the office. Demand was high last time we offered these sessions, so first come first served.

Wendy Livingstone

CAN YOU HELP ?

Nursery are looking to refresh the maths packs they send out for the children to play at home. If you have any Number or Shape/Space/Measure related games suitable for 3-4 year olds, that are in good condition, please consider donating them. The Orchard Toy series are perfect! Nursery are also looking for donations of high quality picture books suitable for 3-4 year olds, to be able to start a sharing books system for Nursery families. Thankyou -
Miss Amelia De Souza

SPRING TERM - CAKE SALES

Year 6 - £92.25

Year 5 - £103.00

All monies raised help towards learning resources for each year group this term. A big thank you to all!

VOLUNTEERS IN SCHOOL INDUCTION

All who would like to volunteer in school with trips, cooking, reading etc. need to have a current DBS and have completed a volunteer induction workshop. Our next workshop takes place on **Monday 5th February from 2-3pm**. This training needs to be updated every two years and therefore if your induction took place more than two years ago you will need to attend for a refresher/update. Please sign up in the office.

Many thanks
Wendy Livingstone

SG SPORTs Half Term Courses

Please see flyer/information on our school website regarding the February half term courses available.

SG sports are our current provider for the Football and Multiskills activity clubs run in school each week.

Get ahead, stay ahead
in both Maths and English

We establish foundations in Maths and English aligned to the National Curriculum. Each programme is personalised for every child regardless of their ability. Our centres are relaxed environments, where students have the time needed to study effectively, enabling them to build confidence and reach their potential.

Maths and English Tuition
suitable for all ages and abilities

UNLEASH YOUR CHILD'S POTENTIAL

Our assessments reveal your child's unique learning needs to get ahead and stay ahead.

LIMITED PLACES - CALL, OR EMAIL NOW
