

# DESIGN AND TECHNOLOGY DAY Y1 - Y6

3<sup>RD</sup> FEBRUARY 2017

This year, at St. Mary's, we will be dedicating four full days to Design and Technology over the course of the year. The aim for these days is to give children the opportunity and the time to really explore various aspects of the DT National Curriculum in more detail and enhance and extend current classroom practice.

The first of these whole school DT Days will be on:

## FOOD AND HEALTHY EATING

Classes will work on the following themes throughout the day:

*Y1/2 Preparing fruit and vegetables*

*Y3/4 Healthy and varied diets*

*Y5/6 Celebrating culture and seasonality*

I have also managed to book an interactive, action-packed show that explores the importance of a healthy lifestyle aptly entitled:

### The Couch Potato Show!

Volunteers from the audience take part in various activities including experiments, games, an exercise session, a cookery show and a quiz!

This show is then followed by workshops for each class.

We are asking for a £3 parental contribution towards the cost of the show/workshop. Please send all monies in to the office by

Wednesday 1<sup>st</sup> February

Many thanks - looking forward to a great day!

Amanda Bishop (Deputy Head/DT Subject Leader)

\* NB For this week only spellings and timetables test will be on Thursday.
