### Sustrans Bikelt Air Quality Competition

Dear Parent/Guardian,  
The following letter has gone home with all children in Y1-Y6 this week including a design template.

Our school is a **Bike It school!** This is a project run by **Sustrans**, a charity that makes it easier for people to walk and cycle. Sustrans is running a competition across all the Bike It schools in London. If your child would like to take part, please read the details below:

We educate about Air Pollution and encourage active travel to make the air around your school cleaner to breathe. For the competition we want you to **Design a Banner** to go outside school that informs people about air-quality or gives advice on how to reduce pollution.

You could advise people to:

- Cycle, walk and scoot more
- To turn off car engines while waiting
- Avoid driving short journeys.

Make sure it is **Big, Bold** and nice to look at! **Generally have a catchy message about keeping the air around schools clean! The winning design from each borough will be made in to a real banner and hung outside school!** As well as the top three entries in each school receiving a prize, there is a **brand new bike to be given away** for the best entry in London so it's well worth entering! We are looking for entries that are **imaginative, exciting** and **persuasive!** The art-work will need to be made into a banner so please draw it on the template sent home. Hand it back to the School Office first week back after Christmas.  
Many thanks Wendy Livingstone
