Vision Statement

Bullying takes place and is a problem in all schools. Schools which openly acknowledge that bullying is occurring and take immediate action to deal with each individual case are the most successful in ensuring that children and adults do not suffer the lasting effects of such experiences.

At St. Mary's we strive to be successful in our approach to Bullying. The school's policy (including child-friendly policy – Appendix 3) and practice are directly linked to the school's mission statement which is:

Mission: Creating a culture of wonder, guided by Christian faith

The specific linking of all behaviour to the Christian concept of community means that the intended school ethos (or way of treating people) does not tolerate bullying of any kind.

Statement of Intent and Responsibilities

It is the responsibility of **all stakeholders** at St. Mary's:

- To take all reports of bullying seriously
- To share all reports of bullying with the school's Anti-Bullying Lead and all other relevant Stakeholders

Bullying hurts. No-one deserves to be a victim of bullying. Everybody has the right to be treated with respect. Individuals who are bullying need to learn different ways of behaving. We have a responsibility to respond promptly and effectively to issues of bullying.

We are committed to creating a climate of co-operation, good behaviour, safety, respect, tolerance and acceptance of difference for everyone so that we can all learn in a relaxed and secure atmosphere. Bullying of any kind is unacceptable at our school.

If bullying does occur, everyone should be confident to tell someone about it and know that all incidents will be dealt with promptly and effectively. We are a *TELLING* school. This means that *anyone* who knows that bullying is happening is expected to tell someone they trust. Snitching or grassing is trying to get someone **into** trouble, telling or reporting is trying to get someone **out of** trouble.

“The only things necessary for the triumph of evil is for good men to do nothing.”

Edmund Burke 1795

Roles and Responsibilities

At the time of review, the following members of staff are responsible for Bullying in the following roles:

Anti-Bullying Lead

The Anti-Bullying Lead of the School is responsible for ensuring there is an effective Anti-Bullying policy and practices in place. They are responsible for managing all reported incidents of bullying within the school.

The current Anti-Bullying Lead is: Miss Cheryl Payne – Head Teacher

Designated Safeguarding Lead (DSL)

Mrs Kerry Dunford – Inclusion Manager

Deputy Designated Safeguarding Lead (DDSL)

Mrs Amanda Bishop – Deputy Head Teacher

Miss Amelia de Souza – Reception Class Teacher

Miss Cheryl Payne – Head Teacher

Governor with Responsibility for overseeing Safeguarding

Mrs Judith Kennedy – Co-chair of Governors

Mr Philip Pyke

Anti-Bullying Ambassadors (ABAs)

The school has a group of fifteen+ Anti-Bullying Ambassadors, made up of roughly five children each from Years Four to Six. The ABAs are tasked with being vigilant for incidents of bullying and are responsible for reporting these to the Anti-bullying Lead. The ABAs meet once every half term and take the lead in planning and delivering the school's Anti-Bullying work and in particular the Anti-Bullying focus days.

Links with other School Policies and Practices

This policy links with and should be read in conjunction with a number of other school policies, practices and action plans including:

Definition of Bullying Behaviour

'Bullying is any behaviour which is deliberately intended to hurt, intimidate, frighten, harm or exclude' (Wandsworth Anti-Bullying Strategy).

At St. Mary's we determine these behaviours to be bullying when they are:

- **repeated**
- **deliberate**
- **and involve someone (or several people) who is/are stronger in some way than the person being bullied (an imbalance of power)**

Incidents of bullying can occur between child and child, adult and child, child and adult, adult and adult. This policy lays out the responsibilities of all stakeholders in the school to challenge bullying.

The following roles could be involved in an incident of bullying:

Target (victim):

Those who are deliberately hurt, intimidated, frightened, harmed or excluded.

Aggressor (bully):

Can be involved in incidents of bullying in three ways:

- The Ringleader
Those leading the bullying, but not always the person 'doing' the bullying
- Assistant
Those involved in 'doing' the bullying
- *Reinforcer
Support the bullying, might laugh or encourage other people to collude with what's going on

Bystanders:

Can be involved in incidents of bullying in two ways:

- Outsider(s)
Ignore any bullying and don't want to get involved – this is a form of reinforcement*
- Defender
Stand up for someone being bullied or do something about it

All stakeholders are discouraged from taking on the role of outsiders and bystanders through regular anti-bullying awareness activities e.g. workshops on Anti-Bullying Days, visits from theatre companies, ABAs videos, storybooks, assemblies, competitions, film education etc.

The following lists are not exhaustive and will need to be added to.

Taken from Wandsworth Safeguarding Children Board's Anti-Bullying Strategy

Individuals – **including all of the stakeholders in the school** - may be bullied because of: their appearance, SEN or disability, health conditions, home situation, race, culture, income, class, sexuality, gender, faith, religion, home or family

Anti-Bullying Ambassadors are trained in the protected characteristics as outlined in the Equality Act 2010, to enable them to be vigilant for bullying in all its forms. Anti-Bullying days focus on the ways that we are all different and how we should work to respect and celebrate our differences.

Reporting and Recording Bullying

Bullying can be reported in the following ways:

- For children in Key Stage Two, use of a Self-Referral Form (Appendix 1)
- By talking to someone – when you ask to speak with someone let them know immediately that it concerns bullying:
 - Talk to any Member of Staff
 - Talk to a Governor
 - Talk to a Parent
 - Talk to a Friend
 - Talk to a Peer
 - Talk to an Anti-Bullying Ambassador
 - Talk to a Playground Pal (Year Six Pupils)
 - Talk to a member of The School Council
- Through the Class Worry Box
- A parent who is concerned that their child is being bullied should speak to their child's class teacher immediately
- The Anti-Bullying Lead should be informed immediately every time that an allegation of bullying is made

If you, or someone else, are being bullied – you must tell someone – if you can't talk to any of the people or use any of the systems above you can seek support from the following organisations:

Organisation	Telephone	Web Address
Childline	0800 1111	http://www.childline.org.uk/pages/home.aspx
Kidscape	08451 205 204	http://www.kidscape.org.uk/

The Diana Award	020 7628 7499	http://diana-award.org.uk/

*Child Exploitation and Online Protection Centre

All stakeholders at St. Mary's have a **duty** to 'TELL' the Anti-Bullying Lead **immediately** if they are told of or have a concern that somebody is being bullied.

Where there are Child Protection or Safeguarding issues, then the matter should be reported to the School's DSL **without delay**.

Should the Anti-Bullying Lead be accused of Bullying, then the Head Teacher should be informed immediately. The Anti-Bullying Lead will be suspended from their duties as Anti-Bullying Lead while the matter is investigated.

If the Anti-Bullying Lead is also the Head Teacher, then the Chair of Governors should be informed immediately. The Anti-Bullying Lead will be suspended from their duties as Anti-Bullying Lead while the matter is investigated.

Reporting arrangements for parents/carers

When bullying behaviours (minor or major incidents) are investigated, and the incident involves children, then parents will be informed immediately and their co-operation will be expected. They will be invited to meet with the member of staff supporting any incident of suspected or proven bullying.

In the meeting, the member of staff will clearly identify and communicate the significant events of the incident and discuss the possible support that home and school could provide as well as discussing possible sanctions.

Support and sanctions will be agreed in a home school or equivalent partnership. Where children are involved, then the school will work closely with parents, consulting them fully before applying any support/sanctions.

Responding to Bullying

The response to a report of Bullying will depend wholly on the nature and frequency of offence and all stakeholders should take a preventative approach.

The school's procedure for dealing with an allegation of bullying is outlined in Appendix 2.

- The responsibility for managing the disclosure lies with the adult stakeholder who receives the disclosure about the incident.
- Pupils who receive a disclosure should report this immediately to any adult stakeholder.
- Other stakeholders who have received a disclosure in relation to bullying should first determine if it is a minor or major incident:

Table 2:

Minor Incidents	Major Incidents
<ul style="list-style-type: none">• An incident where there is doubt as to whether bullying behaviours are evident• An incident where a stakeholder is found to be displaying bullying behaviours for the first time	<ul style="list-style-type: none">• Physical Bullying has occurred• Technological Bullying has occurred• Racist or homophobic language has been used• Language relating to a persons SEN, disability, culture, sexuality, gender, faith or religion has been used• A second incident of bullying behaviours is evidenced• Criminal Bullying Behaviours (highlighted yellow in Table 1)

- *All stakeholders* should reassure the person making the disclosure that they have done exactly the right thing in that they have followed the school's policy and acted in a morally responsible manner.
- Stakeholders need to be sensitive to incidents of bullying to ensure that they do not make the situation worse. They should ensure that any and all of the protected characteristics are taken into account when they are thinking about both the bully and the victim.
- They should thank them for their disclosure and assure them that *they* will follow the school's policy in managing the incident from here.
- All minor incidents should be investigated thoroughly by speaking to all of the stakeholders involved. Informal notes should be made during the investigation.

- All of the stakeholders involved, will be asked to write down their account of the incident and a report of the incident will be recorded on the school's online information system.
- Regardless of the outcome of the investigation, a record of the incident should **always** be completed.
- Where it is the first of such incidents, the member of staff should make it clear to all involved that bullying behaviours are evident and therefore a report has been logged.
- **They should establish an action plan** which will support the ongoing solution of the incident so that the bully and victim are supported equally with the aim that there will be no reoccurrence of such behaviours.
- They should also clearly explain the procedure that will be followed if bullying behaviours should be evidenced a second time.
- Before any meeting with parents takes place, the school's Anti-Bullying lead should be informed.
- Where a second minor incident has occurred involving the same pupils or stakeholders, then the matter should be reported **immediately** to the Anti-Bullying Lead who will deal with the incident.
- Major incidents should be referred **immediately** to the Anti-Bullying Lead.
- The Anti-Bullying Lead may determine that non-criminal bullying behaviours amount to a major incident and may also refer this to the Head Teacher.
- All major incidents involving criminal behaviours (see Table 1) will be reported immediately to the Head Teacher by the Anti-Bullying Lead.
- Parents should **always** be informed of any incident of suspected/founded bullying.

The Anti-Bullying Lead will share the information in bullying reports with other stakeholders as and when it is deemed necessary in order to ensure the safeguarding of all pupils. Copies of completed reports may also be placed on pupil's files.

Wherever possible, all allegations should be managed and reported to the Anti-Bullying Lead on the day on which they occur/are reported.

Investigations should begin during the day on which incidents of bullying are reported. Incidents which are reported after the close of the school day should be investigated as a matter of urgency the following school day.

When an incident of Bullying is reported it should be always be taken seriously – never dismissed - and investigated thoroughly.

- Where appropriate, all school staff should be made aware of incidents of bullying so that they can be extra vigilant and support those involved to ensure the bullying does not continue.
- In the event of an incident of technological bullying – the victim should be advised immediately that they should **not** reply to the message and ensure **all evidence is available and not deleted**.
- In cases where the internet is involved, the ISP (Internet Service Provider), parents of any pupils involved, and Wandsworth's e-Safety Officer should be informed.
- Following the investigation of an incident of bullying it is important that an action plan is put into place.
- The action plan should clearly specify the underlying problems are in the case, how the victim will be supported, how the bully will be supported and, where necessary, sanctioned.
- The aim of the action plan is to ensure that the bullying stops and should involve preventative measures to ensure bullying does not occur again. All victims should be removed **immediately** from any danger. Often times, this will involve removing the bully from the situation.
- Actions plans **must** include clearly identified **fortnightly** review dates.
- Lessons can be learned from all incidents of bullying. Where useful, the Anti-bullying Lead will disseminate anonymous information from the review of cases to all stakeholders as a way of preventing similar incidents from occurring.

When constructing an action plan, staff should consider **support** for the victim. Sanctions should not be applied in isolation and should only be applied where the victim and/or bully will benefit from the sanction.

Possible strategies to support victims/bullies may include:

- A suitable member of staff is clearly identified to offer support (key worker)
- Peer or adult mediation between victim and bully/bullies
- Bubble Time
- Establishment of Positive Talk Group around victim/bully
- Establishment of Positive Self Group around victim/bully
- Establishment of Friendship Group around victim/bully
- Buddy up victim or bullies (peer network)
- Use of Playground Pals
- Class PSHE focus
- Class Circle Time focus

Possible sanctions for bullies may include:

- Separating bully from victim
- Loss of playtime/lunchtime
- After school detentions
- School community service
- Debarment from premises at lunchtime
- Internal exclusion from classes
- Exclusion from school attendance (temporary or permanent)
- Referral to relevant authorities e.g. Police, CEOP, Education Welfare Team

A review period should be set as part of the action plan where the stakeholder responsible for dealing with the incident meets with all of the individuals involved (including parent/carers where appropriate), to ensure that the bullying has stopped, deal with any outstanding issues and ensure that victim and bully know where to seek ongoing support and that all involved understand that any reoccurrences or new incidents of bullying should be reported immediately.

All complaints arising from any of the anti-bullying policies or practice, must be made and dealt with adhering to the school's Complaints Procedure.

Strategies for Preventing Bullying

- PSHE Curriculum – Jigsaw Scheme of work is used across the school from Nursery to Year Six
- Circle Time
- Class Worry Box
- Anti-Bullying Ambassadors
- Playground Pals
- School Council
- Bubble Time – pupils request time to talk to a member of school staff about something that is worrying them
- Friendship Groups
- Celebration of National Anti-Bullying Week
- Anti-Bullying Focus Days (one per term)
- Anti-Bullying Posters on display around school
- Safer Internet Day (SID)
- e-Safety workshops for parents
- Staff Training – regular training sessions will be planned within the school's INSET and Staff Meeting cycles on a range of topics to ensure that they are well-equipped to deal with all forms of bullying
- Fixed Safeguarding agenda points in Key Stage, Support Staff, Staff and SLT Meetings

Signs that someone is being bullied

Vigilance is key. Victims may indicate signs of behaviour that they are being bullied. All stakeholders should be aware of the possible signs and they should investigate further if someone:

- is frightened of walking to and from school
- doesn't want to go on public transport to/from school
- begs to be driven to school
- changes their usual routine

- is unwilling to go to school (school phobic)
- begins to truant
- becomes withdrawn, anxious or lacking in confidence
- starts stammering
- attempts or threatens suicide or runs away
- cries themselves to sleep at night or has nightmares
- feels ill in the morning or claims to feel ill
- begins to do poorly at school/work
- comes home with clothes torn/belongings damaged
- has possessions which are damaged or 'go missing'
- asks for money or starts stealing
- continually 'loses' dinner or other monies
- has unexplained cuts or bruises
- comes home starving (money/lunch has been stolen)
- becomes aggressive, disruptive or unreasonable
- is bullying others e.g. siblings
- stops eating
- is frightened to say what's wrong
- gives improbable excuses for any of the above
- is afraid to use the internet or mobile phone
- is nervous and jumpy when a cyber message is received

These signs and behaviours may indicate other problems, but bullying should be considered a possibility and explored.

Monitoring and Review

We will review this policy once every year as well as responding to trends that suggest the need for review. The school uses the guidance from the Department for Education, The BIG Award, The Diana Award, the Anti-Bullying Alliance and the Wandsworth Anti-Bullying Strategy.

Consultation and Participation

Parent and Pupil Surveys are conducted regularly in which parents and pupils have an opportunity to give their views on the standard of behaviour in the school and specifically how the school deals with alleged incidents of bullying i.e. how effective this policy is in practice.

The analysis of these questionnaires and those conducted by the Anti-Bullying Ambassadors is used to compile objectives for the Anti-bullying Ambassadors Action Plan.

The policy was given a comprehensive and rigorous review and rewrite in March 2012. It was audited by the Local Authority's Lead Officer for Inclusion (Inclusion Service) and underwent a period of consultation with all stakeholders especially parents/carers and pupils before it was approved by the Pupil Committee and then formally adopted by the full Governing Body in September 2012.
